

AI CAPSTONE PROJECT

JURY EVALUATION SHEET

<i>Jury Name</i>	
<i>Project Name</i>	
<i>Team Title</i>	
<i>Total Score</i>	

Scoring Instructions: Score each category on a 1–10 scale, using the full range to clearly differentiate performance across teams, and apply predefined multipliers to compute the final weighted score.

Score Range	9–10	7–8	5–6	3–4	1–2
Meaning	Exceptional	Strong	Average	Weak	Poor

Evaluation Criteria

Category	Description	Weight	Multiplier	Score (1–10)	Weighted Score
AI Utilization	Effective use of AI tools, prompt quality, and understanding of AI-supported development	20%	×2		
Problem Understanding & Solution Fit	Clarity of problem and how well the solution addresses it	15%	×1.5		
Functionality & Prototype Execution	Demonstration of core workflows; effort and execution	10%	×1		
Innovation & Creativity	Originality, unique ideas, and thoughtful enhancements	10%	×1		
User Experience (UX/UI)	Simplicity, usability, and visual clarity	10%	×1		
Presentation & Communication	Storytelling, clarity, confidence, structure, and Q&A handling	20%	×2		
Team Collaboration & Role Ownership	Participation, clarity of roles, and teamwork	15%	×1.5
